

REMARKS

The previous terminal disclaimer was not accepted because the person who signed was not recognized as an officer of the assignee nor as a person authorized to act on behalf of the assignee. A power of attorney and a new terminal disclaimer is being provided. The new terminal disclaimer should obviate the double patenting rejection based on U.S. Patent No. 6,647,061. As such, claims 1-14 are in condition for allowance.

Conclusion

Having fully responded to the Office Action, the application is believed to be in condition for allowance. Should any issues arise that prevent allowance of the above application, the examiner is invited to contact the undersigned to resolve such issues.

To the extent an extension of time is needed for consideration of this response, Applicant hereby request such extension and, the Commissioner is hereby authorized to charge deposit account number 502117 for any fees associated therewith.
